

Black Tie Bridal Showcase

Privacy Policy

How we obtain your information:

When talking about privacy, there is only so much information that we collect from you by asking specific questions when you register with our show. This includes: you and your fiancés' first and last names, address, phone number, email address, wedding date and wedding location. You do not have to give any information that you are not comfortable providing; and if you choose do not have to register with our show at all. However, in order to get entered into our door prizes and to receive free gifts from the show you must register to obtain your entry slip.

After we collect information from you:

Information we obtain from your registration and participation at the showcase is shared with the companies that are setup at the show. These companies are prescreened and are solid businesses without any negative business practices as far as we know. These companies may use your information to get in contact with you regarding their products and/or services by email, mail or phone. They may send you special offers, which we hope will be of interest to you and help you in planning your wedding details. By registering with our show you are allowing us to share this information to those companies. Once you have registered your information will be shared with these companies and we are not responsible for any contact by those bridal companies. We do our best to protect your information and do not allow the transfer or sale of your information to any other companies not attending our show by the companies in attendance.

Thank you for your participation!
