

Customized Fan Programs

Keep your guests cool and informed with our retractable fan programs specially made for your big day. These handcrafted designs are perfect for any type of wedding destination, outdoor as well as indoor. Even if it's a winter wedding, a crowded church can become confined and stuffy. Your guests will appreciate being able to fan themselves with these stylish programs.

Program Fans are a perfect way to add style and sophistication to your wedding ceremony. Your guests will not only be impressed, but they will also have a keepsake to take with them.

Place them in a pretty basket for your guests to take one at the ceremony! Or assemble them with a ribbon tied in a loop so you can hang them on your ceremony chairs!

Fans would also make wonderful menus for your rehearsal dinner, outdoor or tented wedding reception, or even an invitation to a bridal shower.

Each fan is designed to incorporate your theme and colors. Printed on cardstock, they can be gathered at the base with metal eyelets or ribbon. If you prefer eyelets, maximum size is 3 to 4 panels depending on your choice of paper. Fans are 7.5 inches in height and 4 inches wide at the top.
